

About MistAire Ultrasonic Cool Mist Humidifier

Having dry skin, itchy eyes, a dry throat, and a nosebleed are a collection of disasters. If you live in a tropical area, you get to receive enough humidity in the air. However, if the AC in your house makes the air too dry or the winter causes it, you need the **best humidifier 2017**.

If you encounter one of the problems mentioned above or more, then it is time to get a humidifier. From the name, we can tell that this tool helps to humidify the air around you. If it gets too dry, then switch it on and let it do the work.

How do we know which one is the **best humidifier in 2017**? This is why we need to take our time before considering any item. But if you would like one example, let's have a look at **MistAire Ultrasonic Cool Mist Humidifier**.

1. The design.

It is small, almost egg-shaped like, with the white-water tank and bright blue glass. It does not only function as a humidifier in your bedroom or the entire house. Put it on the bedside table or a coffee-table in the living room. You will also get a nice decoration.

There are also reasons why **MistAire Ultrasonic Cool Mist Humidifier** is considered the **best humidifier 2017**. You can check out its features, and you will understand why:

2. The ultrasonic cool mist technology.

The problem with having dry air is your constant coughing during the night. For a better sleeping quality, use **MistAire Ultrasonic Cool Mist Humidifier**. It works wonders in 16 hours. You can also adjust the speed, depending on how quick you want it to moisturize the air in the room.

3. The 1.5-litre water tank.

To moisturize better, this machine needs enough water. With the 1.5-litre water tank, this humidifier is perfect for almost all indoor environments. For example: bedrooms, offices, and other medium-sized rooms. If you need to cover the entire house, you might need more than one, though. Put one in each room you want.

4. The optional night light.

What makes this **best humidifier** in **2017** here perfect as a decoration? It also has an optional night light. The soft, soothing blue glow will give you the ultimate relaxation that you need. It will definitely help you to sleep.

5. The automatic shut-off.

What happens when the water level is low? The machine will automatically turn itself off. This also happens when the water tank is removed because you want to refill it.

No wonder that **MistAire Ultrasonic Cool Mist Humidifier** is the **best humidifier 2017**. Buying this egg-shaped like beauty will get you plenty, from: humidifier, AC power adapter, disk-cleaning brush, and a user manual. If you also think about saving money, this machine has a two-year, industry-leading warranty.
